DETAILED ACTION

Allowable Subject Matter

1. Claims **18-28 and 30-34 allowed**. The following is an examiner's statement of reasons for allowance: The prior art of record neither describes nor sufficiently suggests a warning sign comprising first and second parts pivotably interconnected at their first end wherein the first and second parts include detent means for releasably retaining the first and second parts in an operative position, a third part is releasably supportable by the detent means and a fourth display part is releasably engageable with the third part. These along with other limitations set forth by the claims render the application allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
